Sea Technology Index

Volume 31 (1990)

This instant reference index of technical subjects, news, and special features from Volume 31 of *Sea Technology* magazine provides information about article and news item subjects (Part One) and authors of feature articles (Part Two). Numbers following entries indicate issue month and page number.—*Editor*

Part One
SUBJECT INDEX

-A-

Acid rain
  effect on Canadian salmon stock 8/67
  Knauss challenge 4/66
Acoustics
  data acquisition (article) 1/51
  digital signal processing (article) 5/10
  low frequency (ONR) (article) 11/47
  navigation, research AUVs (article) 12/25
  NUSC test facility (article) 7/27
AGOR-23 (*Thomas G. Thompson*) launched 10/60
Airborne expendable bathythermograph (article) 9/51
Alaska Fisheries Science Center (NOAA)
  (Mini-Profile) 10/37
Allied Signal Spectra fibers, for sonar domes
  (article) 10/31
Antarctic program plans, NSF 1/65
Anti-fouling technology 2/63
Appropriations, Defense, clears House 11/9
Aquaculture
  industry outlook (Review & Forecast) 1/43
  shrimp industry 1/85
Aquarius habitat 5/9, 12/9
Archaeology
  marine (article) 6/43
  3-D sensor (article) 7/23
Arctic, sea surface height (article) 2/43
Antisubmarine warfare
  advanced signal processing (article) 3/53
  budget for FY 91 (article) 11/21
  Cann interview (article) 12/41
  carrier ASW cutbacks possible (article) 11/10
  fiber optics applications (article) 2/29
  GE Ocean Systems (Company Profile) 11/31
  historical perspective (article) 11/10
  master plan 5/88
  non-acoustic methods (article) 11/10
  polyethylene sonar domes (article) 10/31
  Seawolf funding problems (article) 11/10
  spending forecast 4/84
  submarine developments (Review & Forecast) 1/40
  Swath vessel launched 6/79
  training system, AN/SQQ-89 (article) 5/37
Auger prospect
  offshore oil (article) 4/10
  platform contract 9/9
Autonomous underwater vehicles
  navigation systems (article) 12/25
  R&D trends (article) 5/65
  research (article) 5/23

-B-

Baikal, expedition, Soviet Union (article) 12/10
Ballard, Dr. Robert, marine archaeology (article) 6/43
Bartholomew, Capt. Charles A. 12/9
Bash, Jack, UNOLS executive secretary 6/9
Bathythermograph, airborne expendable (article) 9/51
Battelle, R&D funding forecast 2/9
Bernier renamed *Maurice Ewing* (article) 8/52
Biospherical Instruments PNF-300 fluorescence
  sensor (article) 2/33
Biotechnology, Japan 3/78
Black Sea '90 (Conference Report) 11/39
Breakwater design (article) 2/39
Breakwaters, beaches are alternative (article) 9/45
Brennan, James W., leaves NMFS 3/9
Brown & Root (company profile) 4/51
Budgets, science programs (FY 91) (article) 3/17
Buoys, meteorological (article) 2/19
Busby, R. Frank 9/111

-C-

Cable & Connector Workshop (Conference Report) 5/17
Cable connectors
  capacitive (article) 7/10
  installation (article) 7/33
Cable design, strum-suppressing (article) 7/19
Cable laying, plow (article) 3/39
Cable trenchers, underwater (article) 7/13
Canadian Hydrographic Service, electronic
  charts/GIS (article) 3/49
Cann, Gerald A., ASW organization (article) 12/41
Carbon-14 dating process flawed 7/55
Caribbean Marine Research Center (Mini-Profile) 2/49
Cave diving, rebreather developed (article) 12/17
Chemical sensors, fiber optic (article) 4/45
Chemosynthesis, Gulf of Mexico find 6/79
Chemosynthetic communities,
  research needed (Soapbox) 12/89
China, joint research agreement (U.S.) 1/54
Civilian DARPA, legislation pending 2/53
Cladding, ship repair (article) 6/46
Clean Air Act 6/40
Climate research lab, NOAA 2/67
Coast Guard
  automated tracking, navigation (article) 11/75
  FY 91 budget request (article) 3/24
  GPS Information Center 8/59
  history & mission (article) 1/55
  Ice Patrol 3/89
  icebreaker 2/53
  icebreaker FY 90 funding 1/61
  new commandant 5/9
  U.S. (Review & Forecast) 1/21
  woman named cutter commander 9/9
Coastal Climate Co. (Company Profile) 10/45
Coastal defense bills 6/48
Coastal Defense Initiative bill 5/76
Coastal ecosystem studies 5/84
Coastal ocean resources, EPA programs
  (Review & Forecast) 1/31
Coastal population, NOAA study 6/9
Coastal protection bill, House panel 5/76
Coastal Zone Management Act
  consistency overturned 4/66
  reauthorization 6/48
Coatings, offshore platform protection (article) 4/19
Commerce reorganization bill 2/53
Commercial fisheries, ocean resource (article) 9/10
Commercial fishing
  dolphin protection bill 7/52
  driftnets banned 3/59
  industry outlook (Review & Forecast) 1/43
  operator licenses 2/56
  seafood inspection bill 6/49
  TEDs regulations 9/83
  USCG rules 6/48
Communications, global cellular 8/59
Company profiles
  Brown & Root 4/51
  Coastal Climate Co. 10/45
  GE Ocean Systems 11/31
  General Oceanics Inc. 9/25
  Ocean Enterprises Ltd. 6/19
Compass Awards (MTS '90) (Conference Report) 11/63
Compass bird, seismic streamer leveling (article) 8/39
Composites, offshore construction materials
  (article) 1/45
Computers, ASW signal processing (article) 3/53
Comsat differential GPS service (article) 5/57
Conference previews
  Hydro '90 ....4/55

  Techno-Ocean '90 ....10/39
  UnderWater '91 ....12/33
Conference reports
  17th Cable & Connector Workshop 5/17
  18th Annual NOIA Meeting 6/37
  Black Sea '90 ....11/39
  MTS '90 ....11/63
  NMEA 15th annual conference 11/59
  Oceanology International '90 ....6/31
  OTC '90 (column) 6/53
  PACON '90 ....9/69
Conferences, MTS/IEEE negotiations 3/9
Connectors, cable
  capacitive (article) 7/10
  installation (article) 7/33
Consistency, CZMA bill 6/48
Continuing Resolution, FY 91 budget
  House action 11/80
  Senate action 11/81
Core drill, hard-rock, developed (article) 12/43
Corell, Dr. Robert W. (Personality Profile) 9/79
Corps of Engineers, Army
  environmental funding, FY 91 budget 3/9
  FY 91 budget request (article) 3/26
  GPS dredge navigation (article) 8/23
  Hatch, Lt. Gen. Henry J. (Personality Profile) 3/51
  projects (article) 10/15
  (Review & Forecast) 1/18
Cosworth ARGO closed cycle diesel (article) 4/29
CURV III ROV depth record 7/54

-D-

DARPA
  funding for GaAs development 6/52
  GaAs modules advance 9/87
  submarine technology, organization changes 2/75
Data acquisition, acoustic, shipboard (article) 1/51
Datasonics ATM-840, -850 acoustic telemetry modem
  (article) 5/11
Decca Navigator System, U.K., replacement 6/51
Deck gear, twin-capstan winch (article) 7/31
Deep ocean wilderness concept proposed 10/9
Deep Seabed Hard Minerals Act 1/24
Defense appropriations bill, House 11/9
Defense budget, forecast 11/9

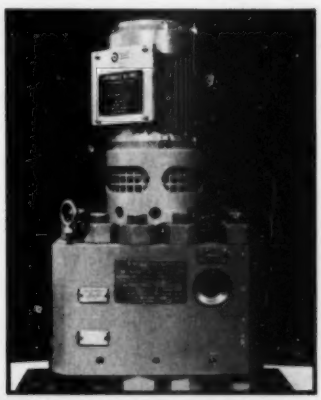
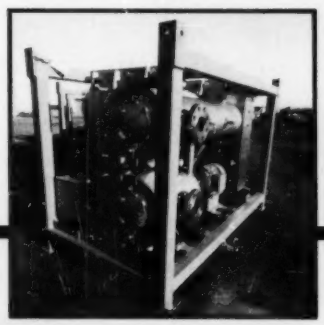
DIVER-LIFE SUPPORT

For commercial and military use.

SEE US AT UNDERWATER 91/ADC BOOTH 14





Hyperbaric Blower — flow to 200 m^3 per hr. (117 ACFM). Zero-leakage: no dynamic seals.

Environmental Condition Systems — flow to 170 m^3 per hr. (100 ACFM), 100% of gas scrubbed for CO_2, humidity control (40-60% RH) to full depth.

Safe. Drive motor is magnetically coupled through the pressure vessel wall with no dynamic shaft seals to leak. No motor inside pressure vessel.

Efficient. External drive motor means easy servicing; and, no motor heat is added to the pressure system.

Low Noise. Typical chamber noise level is less than 50 dba.

DNV Approved.

Existing systems re-engineered.

P.O. Box 790, Dartmouth,
Nova Scotia, Canada. B2Y 3Z7

Sea Technology Buyers Guide/Directory

New edition of the only complete directory serving the ocean/marine community, with updated listings and information about equipment; manufacturers and firms providing services to the industry and government; a classified cross index of products; and directories of ocean/marine research vessels, geophysical survey vessels, and government agencies related to the ocean/marine/offshore field.

The standard reference for the ocean community—who makes what ... where to buy it ... names ... addresses ... phone numbers.

Covers shipbuilding, submersibles, buoys, structures, propulsion systems, power plants, electrical equipment, underwater ordnance, surveillance equipment, detection systems, navigation and positioning equipment, communications, telemetry, sensors, recorders, instrumentation, test equipment, analyzers, computers, data processing equipment, construction materials such as steel, plastics and aluminum, winches and deck gear, life support and safety equipment, cable and supplies.
